

As a Realtor, I have not only been using ParkerAire for our own properties over the years but have referred them numerous times to clients and customers. I know I can trust their experience, knowledge, dependability and FAST SERVICE!! Just last Friday, Aug 17, 2018, our own AC went out, and it was early evening. Within only 2 hours of our call to ParkerAire, Earl one of our favorite techs had us up and running in time to head out to dinner. I can always count on ParkerAire and will continue to refer them!
